### EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

The application has been amended as follows:

*On page 4, line 9, change "stream" to -steam--,*

*On page 5, line 19, change "rim 18" to -rim 118--.*

The following is an examiner's statement of reasons for allowance: **The primary reason for allowance is that prior art does not teach a steam producing device for performing dual heating processes having a structure of an outer shell, and a heating member with a steam room, inserted into and secured to the outer shell forming a first, second, and third chamber together with the inner side of the outer shell and further containing a hole on the heating member for the steam room to communicate with the third chamber.**

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
